Multi-Use Wall Mount or Freestanding Rack *SDC Series*

Up to 800 lbs|363 kg Weight Capacity

The SDC Series is a multi-use rack providing numerous options for equipment rack mounting. Ideal for securing rack mount equipment in spaces where room for a traditional rack or cabinet limited or not available. The à la carte design includes a body with numerous accessory options to suit your unique application.

This SDC is perfect for use as a:

- Wall mount Rack
- Desktop Rack
- Equipment Chassis
- Server Cabinet
- Audio/Visual Enclosure
- Security Lock Box

Features

- Heavy duty, 16-gauge steel, 19" rack mount body comes assembled.
- Includes two (2) pairs of EIA mounting rails.
 - Rails are round hole punched for 10-32 clip-nuts.
 - Mounting rails slots allow for adjustable depth rails and fan kits.
 - Mounting rails are easily removed for non-rack mounting equipment.
 - Includes a starter pack of clip nuts & matching black screws.
- Removable cover panel installs in seconds.
- Includes four (4) cutouts perfect for mounting over an electrical receptacle and/or for cable entry.
- Interior cable management lances.
- Removable plastic handles for side mounting storage.
- Optional doors and panel provides additional options for various applications.
- Rugged powder paint finish.
- TAA Compliant.
- RoHS Compliant.
- Manufactured in North America.

Suggest Load Ratings

- Wall Mount (Rack Mounted) - up to 150 lbs.
- Wall Mount (Rails removed) - up to 50 lbs.
- Ceiling/ Under Desk Mount - up to 150 lbs.
- Freestanding (with or without casters) - up to 800 lbs.

Optional Accessory Features

- **Locking Vented Door** includes a quarter turn key lock. The 63% perforation provides airflow for either the front and/or rear of the frame.
- **Locking Cable/Fan Door** includes two openings for rear cable entry that maintain security while allowing cables to enter the cabinet. The door also includes laser knockout:

for optional **fan kits**.

- **Conduit/Fan Panel** mounts directly to either end of the cabinet providing secure mounting of 2.5", 2.0", 13/18", 13/4", 11/8" and/or 7/8" conduit knockouts. Also includes laser knockouts for optional **fan kits**.
- **Rear Cable Manager** features cable lacing bar for either side of the frame.
- **Square Hole Rails** feature EIA square hold mounting to replace existing EIA round hole rails. Includes two (2) pairs of rails and a starter pack of screws and cage nuts.

 **Share Your Feedback**

Help us improve the SDC Series

We're considering changing the punched round holes to server-compatible square holes. What rail-type would you prefer? *

- Current round-hole is fine
- Square Hole
- Tapped 10-32
