

LED INTEGRATED LAMP-HOLDER, STEADY LIGHT Ø22MM PLATINUM SERIES, SPRING-CLAMP TERMINATION, 185...265VAC. YELLOW

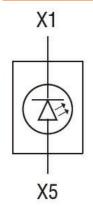

Product type designation				LED elements steady light with spring-clamp terminals LPXLP
Product type designati				LPXLP
General characteristics	S			
Colour				Yellow
Electrical characteristic	CS			
Rated frequency			Hz	50-60
Supply voltage (AC)			V	185265
Operations				
Electrical life			hours	100000
Mechanical features				
Conductor section				
	AWG/kcmil conductor section			
		max		14
	IEC			
		max	mm²	1 or 2 / 2.5
Mounting adapter				LPXAU120
Weight			g	15
Ambient conditions				
Temperature				
·	Operating temperature			
		min	°C	-25
		max	°C	+70
	Storage temperature			
	3	min	°C	-40
			°C	+85
		max		+00
